

The most intelligent Parts Counter in the market

The intelligent TruView™ Parts Counter 2 (PC2) is the latest edition of the award winning TruView™ Parts Counter. Built with ease-of-use in mind, it is an X-ray parts counter system powered by our own custom artificial intelligence (AI) engine. Not only does it make the fastest and most accurate X-ray parts counter fully Industry 4.0 ready, it will easily integrate to your ERP/MRP system.

Fully developed, manufactured, and supported by our team in California, the TruView™ PC2 is also the only battery-powered and portable X-ray based parts counter. Ready to be deployed in your inventory area, the TruView™ PC2 is fast and accurate. Able to count parts on reels, trays, and cut tape, the TruView™ PC2 is the ideal solution to bring your material management to the next level.

Features

The USA-made TruView™ PC2 is ready to be integrated into your ERP/MRP system. It features:

- Results in 10-15 seconds
- No active cloud connection required with built-in AI
- Quick and Safe Set Up: simply roll it into place without forklifts or ground anchors
- Seamless MRP integration or .csv export
- Industry 4.0 ready with IPC CFX

You Can't Manage What You Don't Measure

The TruView™ Parts Counter 2 (PC2) is the most intelligent parts counter in the world.
